

21 - 26 MAY 2023

ICAR 2023 ANNUAL CONFERENCE

THANKS TO OUR SPONSORS FOR AN ESSENTIAL SUPPORT

LAST WEEKS OF REGISTRATION

BY RFEAGAS

Two weeks left till historic the 2023 ICAR Annual Conference, to be held from May 21st to 26th in the one of the oldest and most unique cities in Spain, its former capital, city of Toledo, in Castilla La Mancha region. For several centuries, Toledo had been "city of 3 cultures" Christianity, Judaism, and Islam, where all of them lived in peace and harmony. This year Toledo again turns into "melting pot" to host multicultural international ICAR Congress.

From New Zealand and Americas, Asia, Europe and Africa top geneticist, experts and representatives of industry will come to Spain to address the challenge of "Breeding for resilience: transitioning diverse livestock farming systems into the future". It is a great opportunity to prove yourself and be seen among the leaders in the field of genetics. Being part of ICAR means updated knowledge, prestige and credibility,

Opening Ceremony is presented by world-class scientist, innovator of breeding programs Peter Amer, expert of Animal Physiology and Livestock Systems Nicolas Friggens and Deputy for Livestock Sector of The Spanish Ministry of Agriculture, Fisheries and Food Pablo Bernardos Till 12th of May students still can take the advantage to attend the Event by reduced price of 590 EUR. Those who are already professionals can register by regular fee of 980 EUR. See you soon in Toledo.
